

I am a regular listener of K-Love national broadcast and am concerned the opportunity for national broadcast could become impaired. This would be devastating since there is not an acceptable alternative to K-Love or AirOne for my friends, my family, and myself. I have come to know the personalities and trust them to keep me informed of issues which are relative to me locally and throughout the country. Additionally, since K-Love has become an essential part of our home, my nieces have become curious about Christian beliefs and values - illustrating that K-Love has been instrumental in bringing many people to Christ. I would no longer be able to listen to the radio if this national station were no longer an option. Please ensure that national stations are allowed to continue. Thank you.
